Our Fifth Avenue Windows

You'll find some of them decidedly Russian in tone when you look at them tomorrow. There will be Ukrainian blouses and frocks, for example, gaily stitched in the vivid colors the Russians love, red, yellow, blue, green, always a touch of black. (And in the Art Needlework Department you will find a special display of Ukrainian sewing this week.) And then, to return to the windows, you will see several of the gorgeous costumes worn by actors and actresses of the Russian Grand Opera Company that opens here tomorrow.
